Eatonic Ended His Troubles

"Eatonic is the only thing I have found to stop my heartburn and I think it has been a great help in nervous spells," writes G. C. Johnson.

An upset stomach may cause lots of suffering all over the body. Eatonic helps in such cases by removing the cause of the misery, because it takes up and carries out the excess acid and gases and keeps the digestive organs in normal working order. A tablet after meals is all you need. Big box costs only a trifle with druggist's guarantee.

WEDDINGS
Coleman—Callahan
Raymond D. Coleman of Toppish, Wash., and Miss Lillian Callahan of this city were married by Rev. William A. Keefe at the rectory of St. Mary's church on Monday morning at 9 o'clock. The bride was attended by her sister, and the groom's attendant was William M. Savage, a personal friend.

After the ceremony there was a wedding breakfast at the home of the bride at 145 Bowtell avenue at which were members of the immediate families and a few intimate friends were guests.

Following the breakfast, Mr. and Mrs. Coleman left for a wedding trip to Washington, D. C. and Baltimore, Md., on their return they will make their home in this city.

The groom is the son of Mr. and Mrs. E. H. Coleman of Toppish, Wash., but has made his home in Norwich for some time. During the war he was stationed at the submarine base where he was a printer. He has been employed as a linotype operator for the Bulletin and is now employed by the Pullman Publishing company.

His bride is well known in this city and is the daughter of Mr. and Mrs. Hugh Callahan of 145 Bowtell avenue. She has been employed as stenographer for the A. P. Greene Co. for a long time.

Meade—Young
The marriage of Miss Violet May Young, daughter of Mr. and Mrs. James Young of New Haven, to J. Murray Meade of Pittsburgh, Pa., took place at noon Saturday at the home of the bride's uncle and aunt, Capt. and Mrs. Clifton P. Caswell, 87 Riverport avenue, New London. Rev. Welcome E. Gates, pastor of the Montauk Avenue Baptist church, officiated at the ceremony, the double ring service being used.

Miss Alice M. Young, a sister of the bride was her only attendant. Donald Burbank, a brother-in-law of the bride, was best man.

Following the ceremony, a wedding breakfast was served, after which Mr. and Mrs. Meade left on an extended trip through New England. They will reside in Pittsburgh, where the groom is employed as a mechanical engineer.

Miss Young is the daughter of the late London Vocational school, class of 1920, and for the past year has been teaching school in Canterbury.

FUNERAL
Mrs. Robert Freudenberg.
Funeral services for Mrs. Robert Freudenberg were held Monday afternoon at her late home on Baltic street with a large number of friends and relatives in attendance. There were many handsome floral tributes. The funeral services were conducted by Rev. Paul F. Worth, pastor of the Catholic Lutheran church. The bearers were Christopher Kroedel, Frederick Selfert, Christopher Prommel, Joseph Schlich, Christopher Geismiller and Joseph Just.

The burial was in the Fairview cemetery where Rev. Mr. Worth conducted a committal service. George G. Grant was the funeral director.

His Weather Prophecy Profitable
Weather prophet Prof. Lucas made his unenviable skill in forecasting bring him \$5 when he won a bet that it would rain last Saturday so that there would be no world series ball game in New York. Bert is picking the Yankees to win the pennant by the way, and was talking over the prospects Friday at noon. The sun was shining brightly when he ventured the remark that there would be no Saturday game because of rain. At once his judgment was challenged by a man who was willing to risk \$5 against \$2.50. Bert now has the \$5.

Farmington.—Pomona garage will hold an all-day meeting with Farmington (range) today (Tuesday). The idea is to be worked on a class of candidates at the morning session.

TO MEET VOTERS ALL MOVED ASKED; MEANS TOWN TAX ABOUT 23 MILLS

After decisively defeating a movement to cut the town tax collector's salary in two, the town meeting at the town hall Monday evening immediately turned around and increased the salary of Peter Selectman Casper K. Bailey from \$2,100 to \$3,000. The attempt to cut the collector's salary in two was made by John Woodmansee when a resolution fixing the salaries of the town officers was introduced by Henry A. Tirrell. According to the resolution the tax collector's salary was fixed at one per cent of the total tax collected.

John Woodmansee immediately moved that the collector's compensation be one-half of one per cent. T. C. Murphy and J. J. Corkery spoke against the amendment offered by Mr. Woodmansee and the vote was taken. The first selector didn't get a living salary. You must have confidence in him or you wouldn't have elected him. I move that the first selector's salary be \$3,000, said Mr. Noyes in conclusion, his motion being an amendment to the original resolution. The amendment was carried after which the original motion was amended.

The estimated expenses of the town were appropriated without change and the school appropriations also went through in quick order. All of the so-called extras on the long list met favorable approval with the exception of a petition requesting the installation of a hydrant for fire purposes, at or near the hospital corner, and a petition asking a \$5,000 appropriation to be expended under the direction of the selectmen in making an assessment map for the town and a petition for the acceptance of that part of Fanning avenue within the town.

No action was taken on the hydrant petition as no one appeared to support it. The Fanning avenue petition was laid on the table to await the outcome of the city's action on a similar petition relating to the acceptance of that part of Fanning avenue within the city limits. An assessment map petition was withdrawn before the meeting.

The appropriations voted will mean an approximate town tax of \$3.14 mills.

Shooting Hours for Voting
The meeting voted to shorten the town voting hours an hour and a half, the new voting hours to be from 8 a. m. to 5 p. m.

The meeting was largely attended. Practically every seat was taken and some 50 or 75 men were lined up against the wall near the entrances to the hall. The meeting was called to order at 8 o'clock by First Selectman Bailey and Henry H. Pettis was asked to act as chairman. After the call for the meeting had been read by Town Clerk Charles S. Holbrook, the business before the meeting was taken up.

Regular Appropriations Voted
The annual report of the selectmen, their recommendations, the report of the town treasurer, the sinking fund committee, the health officer, the town school committee and the trustees of the Otis library were accepted and the estimates of the town expenses for the coming year were then voted without change as recommended by the selectmen, as follows:

	Last Year	Appropriated

Totals	\$319,932.33	\$214,450.00
* Estimate last year.		
* Balance carried over.		

School Money Voted
The expenses of the town schools were then voted as follows:

To provide for increase to each teacher's salary	13,825.00
Repairs	11,000.00
Supplies, Fuel, Incidentals	25,000.00
Insurance	10,775.00
Evening Schools	2,500.00
Total	\$241,215.74

The school expenses make a town tax of 11.13 mills as \$223,555.66 must be raised by tax. The estimated receipts of the town schools are:

From State of Connecticut	\$14,500.00
From State of Connecticut Evening Schools	500.00
From State of Connecticut, Library Appropriation	225.00
From Town Deposit Fund	795.00
From Thames National Bank, Dividend on Bank Stock	184.00
From Tuition, out-of-town pupils	400.00
From Town of Norwich, to be raised by tax 11.13 mills	\$223,935.66
Totals	\$241,215.74

Salaries of Town Officers.
Henry A. Tirrell introduced a resolution fixing the salaries of the town officers as follows for the coming year: First selectman, \$3,000; second and third selectmen, \$200 each; town clerk, \$200; town treasurer, \$1,000; assessors, \$1,200 each with \$500 extra for the member of the board chosen clerk; secretary, town school committee, \$400; tax collector, one per cent of total tax collected.

John Woodmansee immediately offered an amendment cutting the tax collector's compensation to one-half of one per cent of the total tax collected.

Timothy C. Murphy said he was very much surprised that anyone in the meeting should undertake to cut down the salary of that officer. We might as well start in by cutting the selectmen and go right down the list," he said. "I don't think this meeting will sustain that motion," he said in concluding.

John J. Corkery also spoke against the amendment. He said that one-half of one per cent would amount to about \$2,000 and out of that the tax collector is obliged to pay all the expense of his office. How much is it worth to the town to collect \$400,000 in taxes? We place town responsibility on our tax collector, said Mr. Corkery, and he should be adequately compensated. In closing he said he hoped the meeting would not approve the amendment.

The vote was then called for by the chair. A roar of "ayes" thundered through the hall with two lone and weak "nays" trailing along. The amendment was decisively defeated.

When the vote was called on the original resolution, Charles D. Noyes took the floor.

I have a proposition here that I think is fair, said Mr. Noyes. More than 40 years ago the first selectman was voted a salary of \$2,100 and he was to employ his own clerk. That situation has prevailed until today and we have been coming here year after year and appropriating \$2,100 for the first selectman's salary.

Mr. Noyes spoke of the city manager plan which is being put into effect in New London and said he had heard of no salary less than \$10,000 named for the city manager in that town.

The first selectman, he said, has great power. He employs his own clerk. This calls for a capable clerk and you can't get a capable clerk for less than \$900 a year. How much does the first selectman get? Figure it out. The first selectman doesn't get a living salary. You must have confidence in him or you wouldn't have elected him. I move that the first selectman's salary be \$3,000, said Mr. Noyes in conclusion, his motion being an amendment to the original resolution. The amendment was carried after which the original motion was amended.

By resolution introduced by T. C. Murphy and adopted by the meeting, the town authorizes the selectmen to borrow a sum not to exceed \$25,000 in such sums and at such times during the coming twelve months as may be necessary to defray the debts of the town in anticipation of the town tax.

The matter of the hours for the opening of the polls was taken up. The selectmen were next taken up. The chairman called attention to the present hours which were from 5:30 a. m. to 6 p. m. He claimed that his understanding of the statute is that the meeting could shorten the hours but could not lengthen them after 6 o'clock.

W. W. Ives moved the polling hours be from 8 a. m. to 5 p. m. thus shortening the polling period one hour and a half. The motion was carried.

Deeds Are Accepted.
The next matter on the list was that regarding the acceptance by the town of deeds of certain parcels of land on the Gallows Hill road, the property of Daniel Sheen, John P. Nolan, Arthur A. Mitchell and Charles P. Bushnell.

George N. Beardon of Taffville presented a resolution by which the town accepts the matter by saying that the state highway department has taken over the Gallows Hill road and is putting in a state highway between Taffville and Norwich Town. The layout of the road has been changed somewhat, making it necessary to take over certain small parcels of land. No money is necessary as the cost of taking over the road has been paid out of last year's highway appropriation. Chairman Pettis said he thought it only fair for the meeting to know that Selectman Charles P. Bushnell has deeded several parcels of the land necessary for the improvement and has not charged the town a cent. (Applause.)

Mr. Beardon's resolution was adopted.

Extens Are Voted.
By a resolution introduced by General William A. Alken the meeting appropriated the usual \$4,500 to assist in the maintenance of the Otis Library during the coming year.

The meeting then appropriated a sum not to exceed \$27,000 to relieve the parson and guardians of pupils residing in the town and attending the Norwich Free Academy from payment of the customary term fees at the Academy during the school year, 1921-1922.

Edwin W. Higgins presented a resolution requesting an appropriation of a sum not to exceed \$300 to provide supplies for the use of Taffville Fire Company No. 2, Corporation Counsel.

Edwin W. Higgins presented a resolution which he said is similar to the resolution passed in 1920 with reference to the Yantic fire department. It differs from the Yantic resolution in that the Yantic resolution is unlimited, the matter of approval of expense items being left entirely with the good judgment of the selectmen. The resolution introduced by Mr. Higgins provided that in December of each year the town through the selectmen, shall provide for Taffville Fire Company No. 2, such supplies as may be necessary, up to and including \$300.

Hereafter the \$300 item for the Taffville fire company will appear with the list of estimated expenses of the town.

For Memorial to War Veterans.
By a resolution introduced by Dr. John S. B. Backman of adopted by the meeting a sum not to exceed \$3,500 is appropriated for the purpose of providing a memorial for the veterans of the world war. The same resolution authorized the selectmen to appoint a committee of not more than five voters to select and erect the memorial.

Medical Inspection in Schools.
The \$7,500 appropriation for medical inspection for the children of school age residing in the town came up next. Rev. Alexander H. Holbrook introduced a resolution authorizing the appropriation and moved its adoption. The appropriation is \$2,000 more than last year.

G. Warren Davis spoke in opposition to the \$7,500 appropriation, not on the basis of a tax increase, said Mr. Davis, as he looked at the matter, a steady increase in medical inspection appropriations, would bring into the town a tendency to destroy the initiative in the care of the children by the father and mother. Mr. Davis said he was not opposing the Red Cross in this matter, either.

Mr. Davis spoke of the origin of milk inspection in Norwich. Norwich never had adequate milk inspection, he said. When you do it will cost \$10,000, or \$20,000. I don't believe you need it. Norwich is so far as I know, never had an epidemic from the cause of milk inspection he said. On what basis is the child put when we employ a private physician? We invite the physician into our home and he gives us his best advice. We accept it or reject it. He'll inspect in schools permits a greater power than that of the private physician. The private physician says, "You should do this." The public physician says, "You should do this." "Let me see these children." I am not discussing this matter on the basis of a tax increase. It is a terrible thing to come here and oppose a Red Cross project. There is a danger in the still greater result to come from this medical inspection. You bring into the home a tendency to destroy the initiative in the care of the children by the father and mother. We accept it or reject it in the appropriation.

Rev. Mr. Abbott, in support of his resolution, quoted figures showing the large percentage of defective children and children with defective teeth. \$2 per cent of the children need dental attention, he said. I am quite sure we all recognize the need of an additional appropriation. If we permit a situation in which the health of our children is in jeopardy, we are to blame. We ask this appropriation because we believe it is for the good health of Norwich, for the good of the children of every age, every color and every race. This was the reason for our request and I move the adoption of the resolution.

The resolution was adopted by the meeting.

On the list was the Fanning avenue matter. This was a petition asking the town to accept that part of Fanning avenue which is outside of the city limits but within the town limits.

T. C. Murphy moved the acceptance. Mayor Herbert M. Lerou informed the meeting that a similar petition had been introduced into the court of common council and that it had been referred to the public works committee. This petition relates to the acceptance of that part of Fanning avenue within the city limits. The mayor said he loved the town would be guided by the city's action as the larger part of Fanning avenue is in the city limits. He suggested that the matter be laid on the table until the adjourned town meeting next spring.
